

清华大学 基础医学院
School of Basic Medical Sciences Tsinghua University

2026 第四届 | 清华大学 | 感染与免疫论坛 INFECTION AND IMMUNIZATION FORUM

主办单位：清华大学
Organizer: Tsinghua University

THE 4th
Beijing

Conference Agenda

Date: September 12, 2026, 8:30-15:20 PM

Location: Multi functional Hall, 11th Floor, Rum Building, Tsinghua University

Time	Theme	Speaker	Session Chair
08:30-08:40	Opening Remarks	Wang Daliang	Zhang Jingren
Life-course Immunization Strategies for Pertussis Prevention			
08:40-09:00	Considerations for the Application Needs of Combination Vaccines Against Major Infectious Diseases and Life-course Immunization Strategie	Yin Zundong	Zhang Jingren
09:00-09:20	Optimization and Practice of Tdap Booster Immunization Strategies for Adolescents and Adults	Lance Rodewald	
09:20-09:40	Russian Experience in the National Immunization Program (NIP)	Leyla Namazova-Baranova	Zeng Mei
09:40-10:00	Maternal Pertussis Vaccination and Clinical Research	Kirsten Maertens	
10:00-10:10	Coffee Break		
10:10-10:30	Clinical Perspective on the Preventive Value of Pertussis Vaccines	Liu Gang	Zheng Hui
10:30-10:50	Research Progress on Acellular Pertussis Vaccine in China	Huang Haitao	
10:50-11:20	Panel Discussion I: 1. Application Value of Component-purified Pertussis Vaccines 2. Life-course Immunization	Ding Yaxing, He Hanqing Zhang Dongjuan, Liang Yaqiong, Xu Ying	Wu Dan
11:20-12:30	Lunch Break		
Dynamic Optimization of Multivalent Combination Vaccines			
12:30-12:50	Disease Burden of Pertussis and Vaccine Economic Evaluation in China	Fang Hai	Wang Qing
12:50-13:10	From Life-course Immunization to Public Health Crisis Response: Focus on Vaccination of Children with Special Health Care Needs	Liu Enmei	
13:10-13:30	Structure-based Development of Norovirus Vaccine	Xiang Ye	Luo Sai
13:30-13:50	Anti-Tuberculosis Immunity and Mucosal Tuberculosis Vaccines	Wang Yating	
13:50-14:00	Coffee Break		
14:00-14:20	Immunological Basis of Antibody Responses Induced by Capsular Polysaccharide Vaccines	Zhang Linqi	Jiang Xiaolin
14:20-14:40	Landscape and Future Prospects of Bacterial Vaccines Development in China	Gou Jinbo	
14:40-15:10	Panel Discussion II: 1. Promote Vaccine Optimization 2. Expand the Practice of Combined Vaccination	Guo Xiang, Hu Weijun, Zhao Zhixian Liang Yumin, Wang Xiaoli	Sun Xiaodong
15:10-15:20	Open Discussion and Closing Remarks	Zhang Jingren
